Electrical only inspections \$60.00

All electrical inspection requests must be accompanied by an inspection slip to be completed by persons performing the electrical work. Note: A homeowner is allowed to do the electrical work on his own residence provided he will be living there, but he must complete, sign, and submit an electrical inspection form to City Hall when requesting an inspection. All other electrical work must be done by a state certified electrician. All electrical fees must be paid before electrical work will be released to the power company.

Inspection fee for temporary electrical service \$75.00

A temporary electrical service request may be made to the City provided all electrical, plumbing, and mechanical work has been completed and the inspection forms have been submitted; however, release of the electrical service will be at the discretion of the building inspector based on his findings when his inspection is made. If a temporary release of the electrical service is approved by the building inspector, the electrical service will be released for a period of up to thirty (30) days. The building cannot be occupied until a final building/electrical inspection is made and a certificate of occupancy has been issued.

Temporary Operation Inspection Fee:

When preliminary inspection is requested for purposes of permitting temporary operation of a heating, ventilating, refrigeration, or air-conditioning system, or portion thereof, a fee of fifteen (\$15.00) dollars shall be paid by the contractor requesting such preliminary inspection. If the system is not approved for temporary operation on the first preliminary inspection, the usual re-inspection fee shall be charged for each subsequent preliminary inspection for such purpose. In all buildings, except one and two family dwellings, where self-contained air conditioning units of less than two (2) tons are to be installed, the fee charged shall be that of the total cost of all units combined. (see Permit Fees, #3 for rate).

Driveway/Walkway Installation Fees

- **Driveways**

The City prefers and encourages the use of Advanced Drainage Systems (A.D.S.) pipe in the installation of driveways requiring drainage pipe for properties located within the city limits abutting city streets. If, however, a citizen wants to use concrete pipe, they can choose that option.

Driveways requiring drainage pipe must be installed by the City unless the City Council gives approval otherwise. Payment for installation of a driveway is due at the time the building permit is issued or, for existing home, prior to the installation of the driveway.

Note: Prior to the pouring of concrete on driveways that do not require a drainage pipe, the maintenance department must review and approve the height of the finished driveway.

Concrete pipe (16' minimum driveway width)

A.D.S. pipe (20' minimum driveway width)

\$50.00 per foot – 15"

\$40.00 per foot – 15"

\$55.00 per foot – 18"

\$45.00 per foot – 18"

\$60.00 per foot – 15" Elliptical concrete pipe

\$50.00 per foot – 24"

Note: The customer may shorten the width of the driveway to under 20' with a minimum width of 16', but must pay for the cost of a 20' driveway.

- **Walkways**

The minimum walkway width of A.D.S. pipe is 6½'. Other available widths are 10' and 13½'. A walkway installed between existing pipes must be installed with the minimum size of the walkway pipe being the size of the largest pipe on either side. Walkways requiring drainage pipe must be installed by the City unless the City Council gives approval otherwise. Payment for installation of a walkway is due at the time a building permit is issued or, for existing homes, prior to the installation of the walkway.

A.D.S. pipe (6½' minimum)

\$40.00 per foot – 15"

\$45.00 per foot – 18"

\$50.00 per foot – 24"
